

Western Rail Corridor: Sustainable Regional Transport at a time of Economic Constraint
Bealach Iarnróid an Iarthair: Iompar Reigiúnach Inbhuanaithe agus Srianata Eacnamaíocha i bhfeidhm

Conference Registration Form Foirm Chlárúcháin

As the development of the Western Rail Corridor continues apace, one of the largest Government transport initiatives in the west since the foundation of the state will shortly commence operations, linking the third and fourth largest cities of the state.

Continuing the project to Tuam and Claremorris, and maintaining the route to Sligo as outlined in Transport 21, represents a unique value for money investment in sustainable public transport infrastructure.

Beidh an chéad chuid de Bhealach Iarnróid an Iarthair á oscailt i rith an tsamhraidh nuair a cheanglófar Gaillimh agus Luimneach don chéad uair le breis agus 30 bliain.

Féachaimid anois chun an chuid eile de Transport 21 a chur chun cinn agus Tuaim, Clár Chlainne Mhuiris agus Sligeach a cheangail leis an ngréasán.

For more information regarding the WRC Limerick-Galway-Sligo, see www.westontrack.com or www.wdc.ie or call 1890 946 200
